

## Lamp Pipe #60165:

### What's Inside

1 – 30" 1/8 IP Lamp Pipe – Brass Plated

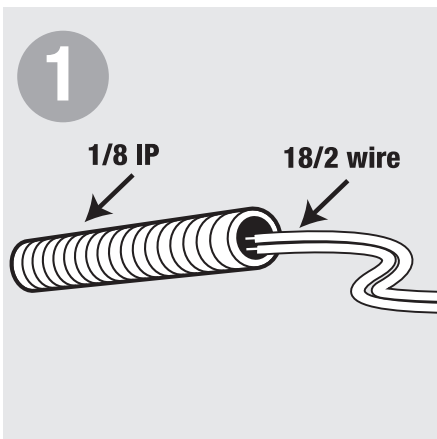

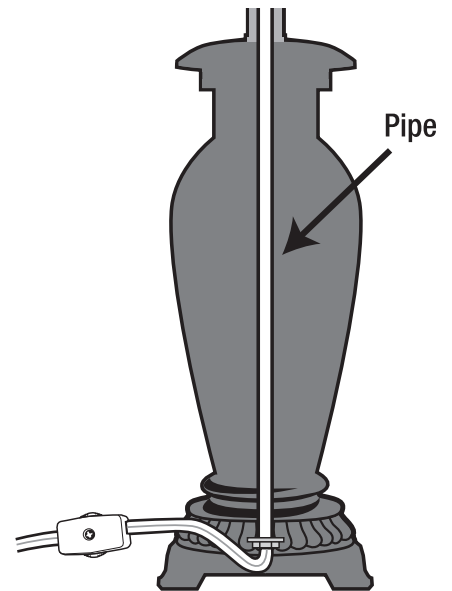

### What's Its Purpose

Repairing or making lighting fixtures and lamps.

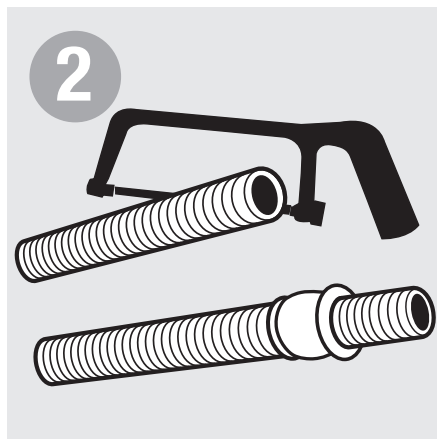

### Warning

- Before beginning **TURN OFF POWER** to the light from the fuse or circuit breaker or unplug lamp from wall outlet.
- Follow local electrical regulations or codes when installing and using this product.
- Do not overfill pipe with wire.

### Overview

Use with 18/2 wire. For larger wire use 1/4 IP pipe.

Lamp pipe can be used as is, cut to size or connected with coupling or reducer.
